Provides that a neglected minor includes any minor (rather than a minor under 14 years) whose parent or other person responsible for the minor's welfare leaves the minor without supervision for an unreasonable period of time without regard for the mental or physical health, safety, or welfare of that minor. Provides that a minor shall not be considered neglected for the sole reason that the minor was engaged in independent activities, except if the person responsible for the minor's health, safety, or welfare willfully disregards danger that the independent activity poses to the physical or mental health of the minor under circumstances when the danger is sufficiently obvious that no reasonable person would cause or permit the minor to be unsupervised in such a situation given the minor's level of maturity, physical condition, or mental abilities. Provides factors that must be considered in determining if a minor's needs can be sufficiently met during an independent activity. Amends the Criminal Code of 2012 to change the child abandonment statute.
